## concealed doors

### ◇ SD LIGHT DOOR JAMB «UNIVERSAL» 45mm

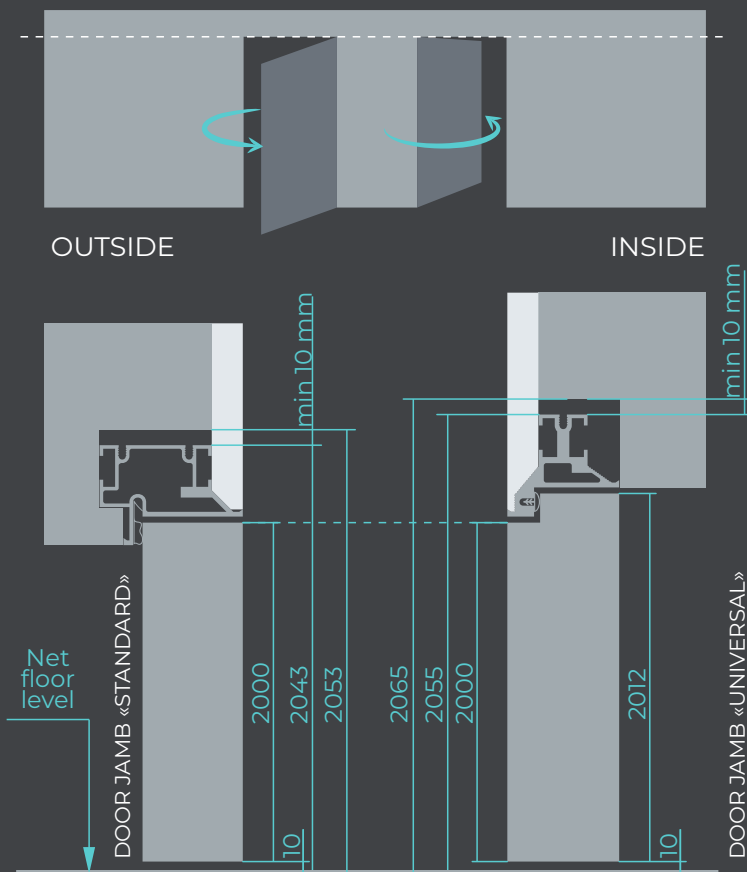

aluminium door leaf frame with the inside opening

DIMENSIONS	HEIGHT mm	WIDTH mm		
		686	786	886
OPENING	2065	686	786	886
DOOR UNIT	2055	666	766	866
DOOR LEAF	2000 2012	600	700	800

## ↕ Adjacent doors with the different opening types

To place adjacent doors with the different opening types ("pull" and "push") on the same level it is important to take into account the difference of the door frame height of 12 mm.

Consider that for such a set the combination of the doors SD Light with the "Standard" frame for the outside opening and the doors with the "Universal" frame for the inside opening is used.

### PAINTING OPTION

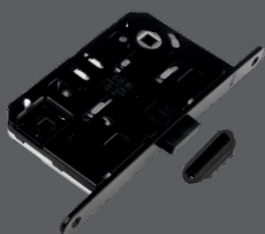

**The possible painting of the door leaf on the RAL, NCS palettes:**

+140€ to the door unit value;  
delivery terms are increased till 45 days;
